

## Quality Policy Statement

Olympus Global shall continually strive to gain total customer satisfaction and aims to provide products, services and reliability that consistently meet or exceed the customers stated and implied requirements.

To help achieve this Olympus Global operate a Quality Policy and Quality Management System that meets the requirements of BS EN ISO 9001.

The Directors and Management of Olympus Global shall continually improve the effectiveness of the Quality Management System by:

- Reviewing and providing appropriate training for its entire staff and ensuring that the appropriate resources are made available for the adept running of the Quality Management System.
- The setting, recording and reviewing of Quality Objectives and targets for the company during the management review meetings.
- The communication of the Quality Policy, Quality Objectives, Targets and Management commitment throughout the organisation.
- The periodic review of the Quality Policy to ensure continuing suitability,

Olympus Global hopes that by pursuing these policies and objectives that all employees at every level of the organisation shall perform their work to the highest standards. Leading to the organisation ultimate objective, the right product, at the right place, at the right time.
